

I CAN & I WILL

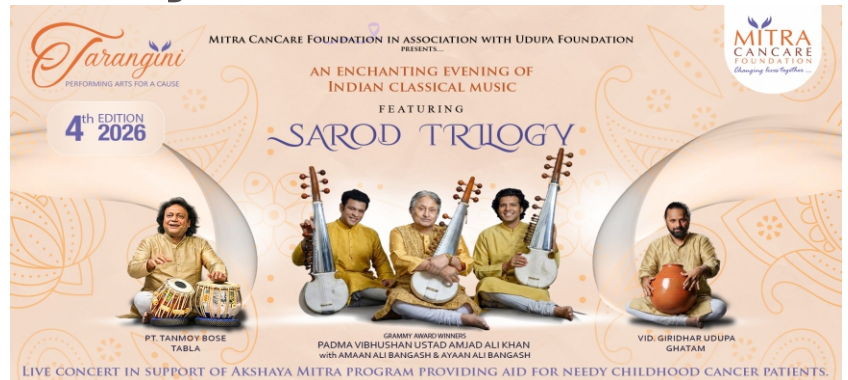

The journey through cancer is deeply challenging, it is indeed an ultimate test of endurance. The journey begins in doctor's chamber, when the oncologist confirms the disease after investigations with various combination of reports. Treatments like chemotherapy and radiation cause severe fatigue, pain and body changes while surgeries can change how organs work or function. The side effects of cancer treatment can cause hard limits in individual's daily life.

“Accepting that life changes after cancer treatment, helps you to build a strong base for your new normal”

Amar Bhaskar

Tarangini 2026

Performing Arts for a Cause

Tarangini 2026 is much more than an evening of extraordinary Indian classical music—it is a celebration of compassion, culture, and collective responsibility. Organized by Mitra CanCare Foundation in association with Udupa Foundation, the fourth edition of Tarangini brings together legendary musicians, generous sponsors, and socially conscious individuals to support a noble cause: providing hope and holistic care to children battling cancer.

At the heart of this year's event is the globally acclaimed Sarod Trilogy, featuring Padma Vibhushan and Grammy Award-winning Ustad Amjad Ali Khan, accompanied by his illustrious sons Amaan Ali Bangash and Ayaan Ali Bangash. Their timeless artistry represents the rich heritage of Hindustani classical music and promises an unforgettable musical experience. Complementing the performance are celebrated percussion maestros Pt. Tanmoy Bose on the tabla and Vid. Giridhar Udupa on the ghatam, creating an exceptional confluence of rhythm and melody that transcends boundaries and connects audiences through the universal language of music. Tarangini is a flagship fundraising initiative of Mitra CanCare Foundation. Every ticket purchased, every sponsorship extended, and every contribution made directly supports the Foundation's Akshaya Mitra Program, which provides comprehensive assistance to underprivileged children undergoing cancer treatment. The program focuses on reducing treatment abandonment by extending financial aid, nutritional support, educational assistance, emotional counselling, and rehabilitation services to children and their families.

Beyond being a fundraising concert, Tarangini serves as a powerful platform to raise awareness about childhood cancer and inspire community participation. It brings art and philanthropy together to create meaningful social impact. By bringing together artists, corporate partners, healthcare professionals, volunteers, donors, and members of the public, the event reinforces the belief that every individual has a role to play in transforming lives.

The success of Tarangini is made possible through the generous support of its sponsors and partners. Gold Sponsor Karle Infra, along with Silver Sponsors including WIPFLI, Synergy Global Sourcing, Karnataka Bank, Ramaiah, Aster International Institute of Oncology, AMC Blossoms, and Wevin, have joined hands to champion this humanitarian cause. Bronze Sponsors Plumage and Advait Hyundai, together with venue, hospitality, media, print, event production, and supporting partners, reflect the strength of collaborative social responsibility. Their unwavering commitment enables the Foundation to expand its reach and make a lasting difference in the lives of children and their families.

IF YOU FIND THIS MEANINGFUL, DO SHARE IT WITH YOUR FAMILY AND FRIENDS AND DO INFORM US OF THEIR E-MAIL ID SO THAT WE CAN ADD THEM TO THE MAILING LIST.
